over fifty competitors and their horses at the property. The horse show was comprised of a dressage test and a jumping round with a combination of cross country and show jumps.

Summer Patton, a Grayson-Patton Team Realtor, who competed and placed fourth in her division, said, "To see the full potential of this property while sponsoring the event and competing in it, is one of the best experiences I've had in real estate."

David Patton, the team's Photographer/ Broker Associate/Does Everything Man, captured the event and his wife, riding Willie, during their part of the competition. "It was great to support our clients with this sponsorship and, at the end of the day, even more special since we took a ribbon home with our name on it!"

High Point Farm plans to host two shows a year at the property and you can be sure that the Grayson-Patton Team will be there to enjoy it.
